For you

- Copenhagen date 2026-10-20 (the run started at 00:55 CEST; the scheduler's UTC date was 2026-10-19).
- Social editor (sonnet) ok: armhole carousel, 3 slides, caption 757 characters, 8 hashtags in social/2026-10-20/; only armhole had a picture. Logged here because the validator does not accept the role social-editor (fifth night; tools/validate.mjs needs it added).
- Commons was rate-limited for the picture tool and file pages could not be opened by WebFetch; no retries beyond one each.
- Needs Lasse: the entry-page picture fallback and the Connections separators in site/ (outside what the run may edit).

How the agents did

Weaver	opus	OK	Added 8 threads and 4 back-links for armhole, rene-lacoste and tracht; no folds, no orphans. relations added 8, back links 4, folds 0, orphans 0 • interwar.md and polo-shirt.md give 1927 for the crocodile; sources tell it as a story with varying dates • rene-lacoste ~ lacoste kept apart (person vs company) • Lacoste cloth: jersey (New World Encyclopedia) vs piqué (polo-shirt.md)
Illustrator	opus	PARTIAL	armhole: crop of the drape-cut Front drawing; rene-lacoste and tracht left without a picture. prints 0, drawings 0, crops 1, none 2 • Commons rate limit on npm run picture (5 tries, killed at the 5-minute timeout) • WebFetch could not open Commons file pages (URL_NOT_FOUND); no licence seen, no hotlink written

Tester	sonnet	OK	npm test passed, 275 checks, 0 failures; screenshots show the blank picture fallback and run-together Connections links. checks 275, failures 0 • Entry-page picture fallback blank for tracht and rene-lacoste (not caught by tests) • Connections links without separators at phone width (not caught by tests)

All three added. topics 3, added 3, dropped 0, fixes after checks 15 • Removed natural-shoulder → armhole and ametora → sack-suit relations: sources could not be opened by the fact-checker • Fixed both contradicted Lacoste claims and softened 9 unsupported claims or notes in rene-lacoste, armhole, tracht, savile-row and polo • Refocused the armhole crop to [446, 205], size 270 so the underarm shows (one round) • Commons file pages unreachable for the curator too (URL_NOT_FOUND); two entries left without pictures • Template issues (blank picture fallback on entry pages, unseparated Connections links) are in site/, which the run may not edit • Run-log validator rejects role social-editor; its row moved to notes
